

MINING, BUSINESS AND STOCKS

MARKET DULL, SALES WERE FEW

May Day Continued Weak Notwithstanding Statement Regarding an Assessment.

SACRAMENTO CAME OUT.

This Stock Was Bought at Nine Cents - Sales of New York, Butler-Liberal and Daly.

This has been a quiet day along Brokers' Row on Second South street. The total forenoon sales on the mining exchange footed up to \$1,194.50, representing the transfer of 7,200 shares.

May Day continued as weak as ever and sold down to 8 cents a share. Notwithstanding the statement of Manager Darmer that there is no immediate need of an assessment, the public seems to be of the opinion that one is inevitable in July, unless something unexpected turns up.

The closing quotations and sales were:

The use of our names and the use of the name of Silver King Mining company in connection with the enterprise of the Gibraltar Mines Syndicate, say Messrs. Kearns and Keith, are both unauthorized and we desire to notify the public that we know nothing concerning the venture.

MAYNE'S GOOD LUCK.

Former Salt Lake Continues to Swell His Bank Account. Concerning the Sandstrom property at Goldfield, in which A. H. Mayne, a former Salt Lake, is interested, the Sun of that place says:

The eyes of the mining world are directed to the new famous Sandstrom, as a result of the recent discoveries of the fabulously rich ore on the Davis-Lofthouse-Mayne lease No. 5 and the Mayne lease No. 6 on the property. The operations are being watched with great interest, and it is the general prediction that the property will prove itself to be one of the greatest lead producers in the world.
